

Gentleman Jax

Gentleman Jax was bred with a specific purpose in mind. Dunrovin wanted a big horse that is gaited so it could keep up with our Tennessee Walking Horses when on the trail and that could also be used as part of a pair to pull a wagon that Dunrovin hopes to design and build specifically to accommodate guests confined to wheel chairs. This means that Dunrovin will also have to acquire another similarly bred horse to form a pair . Well....Jax's draft horse mother is currently pregnant with his full sibling that is due to be born this coming May.

Jax was born on April 25, 2022, at the Lazy Sousa Ranch

Jackie is Gentleman Jax 's dam. Jackie is also athletic, smart and gentle. She is a big Belgian Draft Horse who is used with another draft horse to pull sleighs and wagons.
