DUNROVIN
Where Friendships Flourish

The Lovely Lady Lucy

Lucy was born on May18, 2023, at the Lazy Sousa Ranch

Dunrovin has long wanted a matched pair of strong horses that could be trained to pull a heavy wagon designed to carry people confined to wheelchairs. We recognized that this is not something that we could simply purchase. We would have to cross a draft horse with a Tennessee Walking horse to enable the pair to keep up with the rest of the herd when out on the trail, and we would need to design and build a special wagon.

Hence we worked with the wonderful mother/daughter team at the Lazy Sousa Ranch to breed their Belgian draft mare to their Tennessee Walking horse stud. Last year that combination produced a handsome colt we named Gentleman Jax. This year, they produced a lovely filly we have named Lady Lucy

Lady Lucy (left) and Gentleman Jax (right) certainly look like full siblings. Both of these photos were taken on their birthdays. Notice the similar size and shape of the white blaze on their faces and the short locks of bangs on their foreheads. It will be a joy to watch these two grow up together and witness the similarities and differences in personalities and physical features they display over time.

DUNROVIN
Where Friendships Flourish

Gentleman Jax and Lady Lucy Are Full Siblings

Their Sire (Father) is Gentleman Lux

Gentleman Lux is Jax 's and Lucy's sire. Lux is athletic, smart and gentle. He is an award-winning palomino Tennessee Walking Horse with a wonderfully smooth gait and people-pleasing personality. Both Lucy and Jax were named after their parents. Lucy derives from the Latin word Lux, meaning light.

Their Dam (Mother) is Jackie

Jackie is Lucy's and Gentleman Jax's dam. Jackie is also athletic, smart and gentle. She is a big Belgian Draft Horse who is used with another draft horse to pull sleighs and wagons. Jackie has had a number of foals, and is a very attentive, protective mother. Jax and Lucy should make a wonderful draft pair of similar size and strength, and disposition.
